

**Histoplasma Antibody, Complement Fixation**

Order Name: **HISTO CF**  
Test Number: **5522700**  
Revision Date: **12/12/2022**

| TEST NAME               | METHODOLOGY                              | LOINC CODE |
|-------------------------|------------------------------------------|------------|
| Histoplasma Mycelia, CF | <a href="#">Complement fixation (CF)</a> | 20573-2    |
| Histoplasma Yeast, CF   | <a href="#">Complement fixation (CF)</a> | 20574-0    |

| SPECIMEN REQUIREMENTS |                                                                                                                                                                                                                                     |               |                                    |                       |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|------------------------------------|-----------------------|
| Specimen              | Specimen Volume (min)                                                                                                                                                                                                               | Specimen Type | Specimen Container                 | Transport Environment |
| Preferred             | 1 mL (0.6)                                                                                                                                                                                                                          | Serum         | Clot Activator (SST or Red No-Gel) | Refrigerated          |
| Instructions          | <b>Notes:</b> 0.6 mL (Note: This volume Does NOT allow for repeat testing.)<br><b>Specimen Type:</b> Red-top tube or gel-barrier tube<br><b>Specimen Stability:</b> Ambient: Not Available, Refrigerated : 14 days, Frozen: 14 days |               |                                    |                       |

| GENERAL INFORMATION |                                                                                                                      |
|---------------------|----------------------------------------------------------------------------------------------------------------------|
| Expected TAT        | 2 - 6 days                                                                                                           |
